IN THE SPECIFICATION:

Please amend Page 31, the paragraph beginning at line 9 as follows:

As shown in FIG. 9, it is also acceptable to dispose a photocatalyst [[201]] <u>203</u> along the inner walls of the sealing glass 190 on the front plate 90. This way, the photocatalyst [[201]] <u>203</u> is disposed outside the area being used to display images, in other words, outside the area in which cells are provided.
